

# Free Trial offer for the Computing Homework site

If you represent a UK school, or a school anywhere in the world that uses English as one of your curriculum delivery languages, you can request a free month's trial to evaluate the Computing Homework site.

You can trial the site with just one or two teaching groups; with a whole year group; or with the whole of your KS3 cohort.

You can request a free trial by completing and sending in this Free Trial order form. The form can be sent in via email or by post. If using email, please send the completed form to sales at daisy-i dot com.

After requesting your free trial, you will need to send us the login data for your staff and students. These data will be removed from our servers at the conclusion of the trial - unless you choose to continue by taking out a subscription. This can be done by sending us an official purchase order.

Details of the login data that are required are available from:

[www.computinghomework.com/content/data.php](http://www.computinghomework.com/content/data.php)

An Excel file with sample data is also available from the link given above. This file should be used to prepare and send us your data.

Prices Table Prices are subject to VAT	
No. of Students	Subscription Price
1-100	£285
101-200	£329
201-300	£373
